**Three bad boys from the streets of Chicago turn military service into a billion dollar business. When one of them goes missing, can these bad boys do what it takes to get him back?**

**Book 1 (Callie & Tag)**

**She was a pampered princess about to marry the wrong man**

My life wasn't my own. Father had chosen the man who was to become my husband even though I loathed him. Then a blast from the past hands me the ticket out of a life of misery and I grab on with both hands. When Tag lets me join him on the road, I learn the bad boy from high school has grown up quite nicely.

But will he want to keep me around once the dust settles?

**He was in the city looking for his brother, not a high school crush**

I hadn't thought about Callie in years, since that hot kiss the day we graduated high school. Who would have thought a surprise encounter in the bathroom would lead me right to her door? A road trip and one hot night, but can I trust she's not with me for my money?

If not, would she want to stay forever?

**Book 2 (Trina & Reece)**

**He was on a mission to find his brother**

I love the ladies and the ladies love me. There's no reason to settle down when the city is filled with beautiful women to take to bed. But when my brother is taken hostage, I would do anything to get him back. Even take orders from a feisty ex-soldier with stunning hazel eyes. One night with her isn't enough and I want more, I need more from her.

How the hell do I convince her to take a chance on me?

### **She didn't need anyone to protect her**

I don't know what Reece Howard's problem is with me, but he'd better get over it pretty damn quick. When his brother is taken he'll need and my special brand of skills to get answers, whether he likes it or not. After one hot night together, both of us are trying to figure out where do we go from here?

Can we love and work together?

### **Book 3 (Max & Blaine)**

#### **She was a hacker on the run**

I was just doing my work, digging up information on a dirty politician when everything went to hell. I didn't ask for a tall blue-eyed savior but I couldn't turn him away.

But Max Howard was more than I'd ever dreamed of and I knew I had to walk away before he broke my heart.

#### **He was sent to protect her.**

I'm no one's protector, least of all some snot-nosed hacker I've never met. But the rest of my crew was off trying to save my brother so it fell to me to protect Blaine from whoever tried to hack her system. How the hell was I supposed to know I'd fall for the mouthy beauty with curves for days?

I didn't know and now I'm not sure I can live without her.
