World Religions (with InfoTrac) Warren Matthews

Presenting both the histories and the prevalent worldviews of the major world religions, Matthews' **WORLD RELIGIONS** methodically introduces students to the richness and diversity of these traditions. This text combines insightful, engaging prose with maps, photographs, timelines, excerpts from sacred texts, and other helpful pedagogical aids, to employ a scholarly approach that neither shields students from current research nor encumbers them with it. Students are encouraged, individually and collectively, to pursue their own dialogues with the voices and nuances of these religions.
