Sara Lacy was not happy to be moved to a new district as a detective.

She always knew that men reacted a certain way when they were given

a female partner as she knew that Terry Randall wouldn't be any different. When he complained to their captain that he wanted to work alone, she confronted him, but got no answers. Then one night while working on a closed stakeout together in the dark, she learns the real reasons that he did not want her as a partner. First he wants her, and that's distracting to the work, and two, he's a tiger shifter.
