The Arts of Ministry: Feminist-Womanist Approaches

The Arts of Ministry: Feminist-Womanist Approaches

Feminist and womanist theology has reoriented an entire way of understanding our relationships to one another, to creation, and to God. Feminist social theory has reshaped education, psychotherapy, leadership, decision-making, collaborative work, and family life. Little has been done, however, to bring these fields together to enrich the theory, theology, and practice of ministry. This book brings together the best in feminist and womanist scholarship that deals with the work of ministry in a one-volume format. It offers the most relevant, effective, and transformative approaches to ministry as it develops a feminist and womanist practical theology.
