## Genesis: Genesis - Miracles and Predictions According to Spiritism

Genesis is the last of the five basic books of the Spiritist Codification. When studied and understood, it offers a unique opportunity for delving into great themes of universal interest, discussed in a logical, rational and revealing manner. The book is divided into three parts: the first analyzes the origin of planet earth and avoids mysterious or magical interpretations about its creation; the second deals with the question of miracles by explaining the true nature of the fluids and the extraordinary phenomena portrayed in the Gospels; the third part focuses on the predictions in the Gospels, the signs of the times and the new generation, whose advent will be the beginning of a new era for humankind, based on the practice of justice, peace and fraternity. The subjects presented in its eighteen chapters are based on the immutability of the great Divine Laws.
