Are you a fiction or fanfiction writer hoping to catch onto a bit of JK Rowling's magic "floo powder?" Based on the popular workshop, *A Writer's Guide to Harry Potter* analyzes JK Rowling's craft for the fiction writer. Through thirteen lessons, readers will discover various techniques and styles Ms. Rowling employs which have made her series such a phenomenal success. Specific examples are given which will help writers determine how to utilize these techniques in their own writing with their own voice.

Topics covered include characterization, world building, backstory, mystery plotting, and business matters such as fan interaction, fan fiction, website design, social media, and author persona. Readers will learn to use techniques gleaned from Ms. Rowling to develop and improve their own voice and style, not to create little Harry Potter clones.
