Henry James and Sexuality

Hugh Stevens

Henry James and Sexuality Hugh Stevens

Henry James and Sexuality offers a bold, new interpretation of James' fiction. Hugh Stevens argues that James' writing contains daring and radical representations of transgressive desires and marginalized sexual identities. He demonstrates the importance of incestuous desire, masochistic fantasy, and same-sex passions in a body of fiction that ostensibly conforms to, while ironically mocking, the contemporary moral and publishing codes James faced. This original and exciting work will transform our understanding of this most enigmatic of writers.
