Women Can't Hear What Men Don't Say: Destroying Myths, Creating Love Warren Farrell

The bestselling author of *Why Men Are the Way They Are* and *The Myth of Male Power* now shows couples how to break through the unseen barriers to male communication constructed by society, families, and our culture.

"Farrell continues to open genuine communication between the sexes."--Anthony Robbins, author of *Awaken the Giant Within*

This revolutionary, hands-on guide will cast more illumination on relationships and the issues men face than any book since the author's groundbreaking bestseller *Why Men Are The Way They Are* ("The most important book ever written about love, sex, and intimacy"--*New York Post*).

In *Women Can't Hear What Men Don't Say*, therapist and relationship expert Warren Farrell takes couples step-by-step through the environment of the home, media, educational system, and other institutions to carefully reveal unseen mechanisms each of us encounter daily that disrupt male-female communication and obscure men's own feelings.

Farrell provides a remarkable and easy-to-follow communication program that will bring couples beyond present barriers at home and in the workplace, and will allow them to speak and understand each other more fully than ever. His book helps all men and women achieve a better knowledge of their partners, themselves, and the surrounding sexual culture.
