**Cracking the AP Physics B and C Exams, 2006-2007 Edition (College Test Preparation)** Princeton Review

The Princeton Review realizes that scoring high on the AP Physics B & C Exams is very different from earning straight A's in school. We don't try to teach you everything there is to know about physics—only the strategies and information you'll need to get your highest score. In *Cracking the AP Physics B & C Exams*, we'll teach you how to

- Use our preparation strategies and test-taking techniques to raise your score
- Focus on the topics most likely to appear on the test
- Test your knowledge with review questions for each physics topic covered

This book includes 2 full-length practice tests, one each for Physics B and Physics C. All of our practice questions are just like those you'll see on the actual exam, and we explain how to answer every question.
