***Female Submission: The Journeys of Madelaine* is the true story of Claudia Varrin's time spent in London as a sexual female submissive to a well-known British master. Unlike *Erotic Surrender*, the first book of this two-book set, which was written to empower the female submissive and make her feel pride in her sexual preferences, this book relates her actual day-to-day experiences while living with the master. Using the journals that Madelaine wrote in every day so as not to forget her experiences and emotions she felt as a sexual submissive, *Female Submission* provides a through the glass darkly look at real-time female submission, written for women by a woman.**

The journals from which this book is written are very detailed and vivid, and many of Madelaine's experiences were extremely wild, edgy, and on the most advanced level of play. Private fantasy enactments, exciting public scenes in nightclubs, and frolics both fun and fearful at exclusive dungeon parties spice up the every day activities Madelaine was assigned to do as the master's slave. As Madelaine explored her submissive nature more deeply, she was able to access the most hidden desires in her own mind and enter into the downward spiral necessary to bare her soul and debase herself for her master without degrading herself or losing her self-esteem. As the book progresses, the scenes get wilder and emotions become deeper, making Madelaine into a submissive who would do anything for her cruel, handsome master and strive to make his base, and sometimes savage, desires her own.
