Searching for a graduate program in engineering and the applied sciences? Peterson's *Graduate Programs in Engineering & Applied Sciences 2013* contains comprehensive profiles of more than 3,800 graduate programs in 77 disciplines-including aerospace/aeronautical engineering, agricultural engineering & bioengineering, chemical engineering, civil and environmental engineering, computer science and information technology, electrical and computer engineering, industrial engineering, telecommunications, and more. Peterson's six-volume Annual Guides to Graduate Study, the only annually updated reference work of its kind, provides wide-ranging information on the graduate and professional programs offered by U.S.-accredited colleges and universities in the United States and throughout the world.

- Informative data profiles for more than 3,800 graduate programs in 77 disciplines in engineering and applied sciences, including facts and figures on accreditation, degree requirements, application deadlines and contact information, financial support, faculty, and student body profiles.
- Two-page in-depth descriptions, written by featured institutions, offer complete details on specific graduate programs, schools, or departments as well as specific information on faculty research and the college or university.
- Expert advice on the admissions process, financial support, and accrediting agencies.
- Comprehensive directories list programs in this volume, as well as others in the graduate series.
- Up-to-date appendixes list institutional changes since the last addition along with abbreviations used in the guide.
