**The Map: To Our Responsive Universe, Where Dreams Really Do Come True!** Boni Lonnsburry

**Winner of Seven Book Awards including "The Best Law of Attraction Book of 2013" by Law of Attraction Leaders**

You were meant to read this book. We live in a universe that actually wants you to “have it all”... But if you’ve been frustrated in your attempts to apply the law of attraction... Then here at last is the missing key.

“The Map” doesn’t just tell you what is possible in this life – it shows you, step-by-simple-step, exactly how to get from Point A (where you are) to Point B (where your greatest heartfelt dreams are found).

Jam-packed with plenty of delicious detail, this “GPS to your dreams” can help you pinpoint an exact path to creating the life you were born to live, while revealing how to:

- Uncover your true dream – not just the one you may have “settled for” over the years
- Identify, root out, and reprogram any limiting beliefs that have been holding you back
- Know when – and how – to take action on your dreams (because taking action is the one step most “dreamers” never get to)
- Tell whether your desires are manifesting, or not ... since it can sometimes take a while for the universe to line up everything needed for your dream to materialize, and it may appear to you that nothing’s happening (but you’ll know to watch for these signs)
- Be happy, no matter what – and never again be tossed around by unexpected pot-holes along the road of Life (“The Map” can steer you onto smoother highways every time.)

Also includes a powerfully simple Daily Checklist of steps so you can manifest your dream life as quickly and elegantly as possible!

Boni Lonnsburry has developed a proven, straightforward system for turning dreams into reality. She went from being broke, alone, jobless and nearly homeless ... to being the owner of a multimillion-dollar business, married to the man of her dreams, and living a life she truly loves. Boni has shown thousands of people how to consciously create their dreams. And now she wants to show you too, in “The Map”.

#### **David Manning:**

As a university student exactly feel bored for you to reading. If their teacher inquired them to go to the library or to make summary for some reserve, they are complained. Just very little students that has reading's heart and soul or real their pastime. They just do what the instructor want, like asked to go to the library. They go to there but nothing reading seriously. Any students feel that studying is not important, boring along with can't see colorful pics on there. Yeah, it is to become complicated. Book is very important for yourself. As we know that on this time, many ways to get whatever we would like. Likewise word says, ways to reach Chinese's country. Therefore this The Map: To Our Responsive Universe, Where Dreams Really Do Come True! can make you really feel more interested to read.
