When Ryder dies in a horrific motorbike accident, he's left facing a choice. Go onto his next life, more terrible than his last, or become...a Reaper.

Ryder's life has little meaning to him. A violent hedonist who left his broken childhood behind, he would rather spend his time chasing women and smashing up bars than consider his future. But when it all comes to an abrupt end, he's forced to make a decision that changes everything.

Elizabeth is a single mother, and the light of her life, her son Thomas, is terminally ill. With no time for a job, a normal social life, and definitely not a relationship, her world is turned upside-down when Ryder strides in with his biker boots. She's always known there was something more to the universe than what she can see. But when she learns the real reason for him being in their lives, she has to do something she hasn't done for a long time. Trust someone.

When little Thomas is threatened by an evil that would misuse his special gift, they must work together, along with a troubled but caring group of reapers. Time is running out to get him back, and Helheim beckons with its black jaws. All of them must fight, and be prepared for the centuries-waiting battle they will kick off.

And will Ryder finally gain his redemption?
