## **John McCain: An American Odyssey** Robert Timberg

This reissue of the penetrating biography of Senator John McCain, the man who may be the next president of the United States, by celebrated author Robert Timberg now has a new foreword that updates readers on the politician's life since this book's original publication in 1999. In *John McCain: An American Odyssey*, Timberg provides a riveting account of McCain's remarkable life -- from his rambunctious childhood and his madcap escapades as a U.S. Naval Academy midshipman to his grim experiences as a combat pilot and POW in Vietnam, where the North Vietnamese held him prisoner for five and a half years. Most important, the author illuminates Senator McCain's postwar evolution into one of our country's most distinguished politicians and a formidable presidential candidate. This biography probes deeply into the life of this hugely colorful, straight-talking American original. It is a rich and captivating portrait of one of America's most fascinating and provocative public figures -- a man who has captured the imagination of millions of Americans and who will continue to be a most prominent figure in the American political landscape.
