Zarah Duncan is a Guardian. It's an elite job that protects humans and the untainted vampires from the real monsters: those lost to the bloodlust. Rogues infest the city. Missing humans, unsolved cases...Zarah knows what the real cause is and she's been trained since childhood to destroy them.

But she has a haunting past that catches up one day. Zarah was Rogue once, and until her, no one else has ever cured from the poisoned state of mind before. She's been labeled a miracle, and the mystery only builds. She gets the awful feeling there's more to it than just a lucky magical come-back. There are deep, dark secrets being kept. Maybe her boss Nathaniel knows something? When she gets paired with a partner, Draven Kinsley, it only adds more difficulty. He hates her and swears that with a single look, she'll poison him. To make matters worse, her Rogue brother has to show up, and he brings with him a shocking announcement. What Zarah learns from him rocks her entire world upside down. She not only begins to question who and what she is anymore, but it can possibly change the Vampire race forever.

The scary part: someone else knows too...and they'll do anything to get her special blood, spelling disaster for the humans that Guardians have secretly been protecting for decades.

Vampires, fallen angels, war, betrayal, and romance fill this Paranormal/Urban Fantasy debut, the first book to a high-action trilogy.
