The Pinball Price Guide: Eighth edition pinballeric

The Pinball Price Guide, Eighth Edition by Pinballeric(tm) is the ideal reference for anyone-collector, buyer, or seller-trying to determine the current value and fair price of a pinball machine. The Guide, which covers the price values of over 2000 collectible games produced for the U.S. market from 1931-2010, is unique in that it breaks down pricing into Classes 1-3 (Best, Good, OK), determined by the condition of a game's backglass, playfield, and cabinet. In addition to pricing figures, the book lists the 25 most collectible games for each type of machine. Besides tips for caring for and maintaining games and a list of resources of interest to pinball enthusiasts, the book provides a useful worksheet to help get organized and understand the actual costs of buying or selling a game beyond the game itself. The Eighth Edition by Pinballeric(tm) continues the tradition started by Larry Bieza, who published the first seven editions. Whether you are an established or beginning collector, selling a game found in the basement, or looking for an addition to your home game room, The Pinball Price Guide by Pinballeric(tm) is an essential resource that points you in the right direction when buying or selling a pinball machine.
