Sir Arthur Conan Doyle

The Valley of Fear and A Study in Scarlet (Illustrated) Sir Arthur Conan Doyle

The Valley of Fear is the fourth and final Sherlock Holmes novel by Sir Arthur Conan Doyle. It is based on the supposedly real-life exploits of the Molly Maguires and Pinkerton agent James McParland. The story was first published in the Strand Magazine between September 1914 and May 1915. The first book edition was copyrighted in 1914, published by George H. Doran Company in New York on 27 February 1915, and illustrated by Arthur I. Keller.

Holmes decodes a cipher warning from Moriarty's organization for "Douglas" in "Birlstone", but a corpse is there already. When Mr. Douglas blows the head off his American assassin, he dresses the body as himself, and hides, to throw off the chase for good. Holmes guesses the missing dumb-bell weighted down the killer's clothes in the moat. The calling card left, VV341, is Vermissa Valley Lodge 341. Decades ago for Pinkerton, he went months undercover, first with Freeman in Chicago, then west to desolate mountain coal mine area, to take down corrupt murderers who ran the Valley Freeman Lodge, but criminals pursued. Holmes warns Douglas, when acquitted, to flee England. But Moriarty prevails. The second Mrs. Douglas telegrams that her husband was lost overboard on his way to South Africa on a ship.

A Study in Scarlet is a detective mystery novel written by Sir Arthur Conan Doyle, introducing his new characters, "consulting detective" Sherlock Holmes and his friend and chronicler, Dr. John Watson, who later became two of the most famous characters in literature.

Conan Doyle wrote the story in 1886, and it was published the following year. The book's title derives from a speech given by Holmes to Doctor Watson on the nature of his work, in which he describes the story's murder investigation as his "study in scarlet": "There's the scarlet thread of murder running through the colourless skein of life, and our duty is to unravel it, and isolate it, and expose every inch of it.
