Pompeii: City Captured in Ash

Pompeii: City Captured in Ash

On August 24 and 25 in the year 79 A.D., a Volcanic eruption from Mt. Vesuvius spewed fire, lava, smoke, and ash upon the city of Pompeii, burying it and many of its inhabitants. Before this catastrophe, the streets of Pompeii had been bustling with the activity of its people, busy with commerce supported by its shipping trade and its role as a link between interior Italy and the outside world. In *Pompeii*, based on the Time Life Books series *Lost Civilizations*, you'll visit this ancient, lost city as it was in its heyday and how it exists today, its ruins lying in the shadow of Mt. Vesuvius.
