Vaccine-nation: Poisoning the Population, One Shot at a Time Andreas Moritz

Author of a dozen books, including the bestselling *Timeless Secrets of Rejuvenation and Health* and *Cancer is Not a Disease*, Andreas Moritz takes on yet another controversial subject, this time to expose the Vaccine Myth. In *Vaccine-nation*, Moritz unravels the mother of all vaccine lies - that vaccines are safe and they prevent disease. Furthermore, he reveals undeniable scientific proof that vaccines are actually implicated in most common diseases today. This book reveals:

- Statistical evidence that vaccines never actually eradicated infectious diseases, including polio.
- How childhood vaccines, flu shots and other kinds of inoculations systemically destroy the body's immune system.
- The massive increase of allergies, Eczema, Arthritis, Asthma, Autism, Acid reflux, Cancer, Diabetes (infant and childhood), Kidney disease, Miscarriages, many Neurological and Autoimmune diseases, and Sudden Infant Death Syndrome (SIDS) is largely due to vaccines.
- Why vaccinated children have 120% more Asthma, 317% more ADHD, 185% more Neurologic disorders, and 146% more Autism than those not vaccinated.
- The shocking fact that most outbreaks of infectious diseases occur largely among those who are fully vaccinated.
- Vaccines lack long-term safety testing and most vaccine side-effects are never reported to protect vaccine-makers from liability suits. For many decades we have all been led to believe that vaccines have eradicated the most dreaded infectious diseases, including polio, although to this day there is no scientific evidence to support this theory. On the other hand, indisputable scientific data reveal that childhood vaccines, flu shots and other kinds of inoculations are responsible for the dramatic decline of natural immunity among millions of children, adults, and members of the older population. With each new shot received, the immune system becomes weaker and permanently damaged, thereby laying the ground for potentially debilitating illnesses to develop in the future. Reaching deep into the vaccine cartel, Moritz uncovers hard facts to prove that profit - not public health - is the sole motive behind the vaccine-pushers' chicanery. In this book, he also digs up the real reasons behind the 2009 swine flu outbreak or the "pandemic that didn't pan out". In *Vaccine-nation*, Moritz minces no words while unraveling these and other skeletons in Big Pharma's closet and cautions you not to buy into the hollow claims of vaccine makers. In his characteristic style, Moritz offers a gentle and practical approach to a disease-free life, which rests on the fulcrum of the mind-body connection, cleansing of the body, and naturally healthy living.
