## **Building Fiction: How to Develop Plot and Structure** Jesse Lee Kercheval

No one looks at structure like Jesse Lee Kercheval. She builds a work of fiction just as an architect would design a house—with an eye for details and how all parts of a story or novel interconnect. Even with the most dynamic language, images, and characters, no piece of fiction will work without a strong infrastructure. Kercheval shows how to build that structure using such tools as point of view, characterization, pacing, and flashbacks. *Building Fiction* will help you envision the landscape of your fiction and build great stories there.
