Alice In Wonderland: Through The Looking Glass

Alice Kingsleigh has spent the past few years following in her father's footsteps and sailing the high seas. Upon her return to London, she comes across a magical looking glass and returns to the fantastical realm of Underland. She discovers that things are going very wrong with the Hatter, who is acting madder than usual. In order to prevent the loss of her friend, she turns to Time himself. Despite his warnings about not being able to win a race against time, and not being able to change the past, Alice borrows the Chronosphere and winds up going on a time travel adventure. Returning to the past, she comes across friends – and enemies – at different points in their lives, and embarks on a journey to learn more deeply about them and ultimately herself.
