The Oxford Handbook of Post-Keynesian Economics, Volume 2: Critiques and Methodology (Oxford Handbooks)

This two volume Handbook contains chapters on the main areas to which Post-Keynesians have made sustained and important contributions. These include theories of accumulation, distribution, pricing, money and finance, international trade and capital flows, the environment, methodological issues, criticism of mainstream economics and Post-Keynesian policies. The Introduction outlines what is in the two volumes, in the process placing Post-Keynesian procedures and contributions in appropriate contexts.
