## **Do you want simple, fast, inexpensive recipes that will help you maintain or gain muscle, while keeping fat at bay?**

As a long time Vegan Bodybuilder, I had a challenging time finding simple, quick, and easy ways to meet my daily protein and nutrition requirements. A lot of the cookbooks I found were crammed with exotic ingredients and intricate steps for preparation. I just wanted dishes that were based on whole, plant foods, that I could toss together in a jiffy. This book is for people who want to spend their hard work in the gym, not the kitchen!
