## Les solidarités entre générations (French Edition) Hugues Fulchiron

L'ampleur des enjeux humains, économiques et sociaux posés par la question des solidarités entre générations a conduit l'International society of Family Law (ISFL) à choisir ce thème pour son XV<sup>e</sup> congrès mondial.

Plus de 200 intervenants, venus de 50 pays, ont abordé ces questions sous l'angle juridique, mais aussi philosophique, économique et anthropologique. Cet ouvrage présente une partie de ces communications organisées autour de deux grands thèmes : l'enfant au cœur des solidarités familiales et la prise en charge des aînés par la famille.

Des phénomènes tels que l'allongement de la durée de la vie, l'urbanisation des populations, la difficulté d'entrée sur le marché du travail ou encore l'éclatement des modèles familiaux traditionnels marquent notre monde contemporain et impliquent la disparition d'anciennes solidarités et l'apparition de nouvelles solidarités redessinant les relations entre générations, posant alors le problème du sort des personnes les plus fragiles : les enfants, les malades, les handicapés et, surtout, les personnes âgées.

- Quel est alors le rôle de la famille et des collectivités dans la protection de ces personnes ?
- Quels rapports entre solidarités publiques et solidarités privées ?
- Quels sont les droits et libertés reconnus aux personnes que l'âge, la maladie ou le handicap, placent en situation de dépendances ?

Telles sont les questions au cœur de cet ouvrage.

The importance of the human, economic and social issues caused by the question of generations' solidarities led the International Society of Family Law to choose this theme for its XVI<sup>th</sup> World Congress (Lyon, July 19-23<sup>rd</sup> 2011). More than 200 speakers from 50 countries studied these questions from the legal angle, but also philosophic, economic and anthropological. This work collects a part of these papers about two great issues: the child, as the center of family solidarities; and the support for elders by family.

Phenomena such as increasing life expectancy, population urbanization, labor-market entry barriers, decline of traditional family patterns, mark in depth our contemporary world and involve old solidarity disappearance and new solidarity emergence, reshaping relations between generations while bringing up the problem of the fate of the most vulnerable: children, the sick, disabled, and especially elderly people.

- What then is the role of families and communities in protecting these people?
- What is the relationship between public and private solidarity?
- What are the rights and freedoms of people placed by age, illness or disability in a dependence situation?

These are the issues addressed by the authors of this book.
