The Real Thing & The Europeans - Henry James (with notes and biography) (illustrated) Henry James "The Real Thing" is a short story by Henry James, first syndicated by S. S. McClure in multiple American newspapers and then published in the British publication *Black and White* in April 1892. This story, often read as a parable, plays with the reality-illusion dichotomy that fascinated James, especially in the later stages of his career. For the illustrator who narrates the story, the genuine article proves all too useless for his commercial purposes. The story portrays the unfortunate victims of a society in which reality and representation are closely intertwined in ways that make art a difficult project to untangle the two. *The Europeans* is a short novel by Henry James, published in 1878. It is essentially a comedy contrasting the behaviour and attitudes of two visitors from Europe with those of their relatives living in the 'new' world of New England. The novel first appeared as a serial in *The Atlantic Monthly* for July–October 1878. James made numerous minor revisions for the first book publication. (Public domain title was reformatted and reorganized for ease of reading with the Amazon Kindle. The book also contains lots of notes and references, a specific author biography and many photos and illustrations).
